

IN THE SPECIFICATION

Please amend paragraph [0321] as follows:

--[0321] The processing described above with reference to the flowchart of FIG. 42 causes the data in the preset list 92 to be reflected in the data held in the schedule list 94. In turn, on the initial screen of FIG. 11, selecting the icon for activating the schedule list program 84 displays a schedule list screen of FIG. 43 that contains the added schedule of the preset TV program 0381 for unattended recording.--
